From the Anglican Rector of Traralgon -

May I introduce with pleasure the 'Only Jesus Music Ministry' founded by the Chatelier family, Gavin and Trudi, who with their four children - Jessica, Elijah, Jordan, and Moses, came to share in our morning worship service at St James' Anglican Church, Traralgon on Sunday, 14 December, 1997. Gavin and the three older children sang to taped backing music which was supervised by Trudi. Gavin has a beautiful rich baritone voice and when the three children joined him in singing, it just melted the hearts of everyone in the congregation.

The taped backing music and amplification system used by 'Only Jesus Music Ministry' was of excellent standard which added to the quality of the production.

Their ministry obviously comes from a deep personal faith and is expressed in music to extend God's kingdom to those who may hear the message of salvation in song. To witness this family in action presenting the gifts they all have, and to watch the faces of their children, could not help but reach any heart with a blessing. They have also produced a number of audio tapes and C.D's which are a delight to own, and by which you can continue to enjoy the music of this lovely family.

The Chatliers are also known to my wife and I personally and we have no hesitation in recommending the integrity of their ministry to others that they also may be blessed.

I would be happy to speak on their behalf should you wish to contact me.

Sincerely,

Archdeacon Clem Watts
Rector
