**RE: Only Jesus - Music Ministry ( The Chatelier Family Singers )**

It gives me great pleasure to commend to you the above ministry. I was introduced to this ministry through the recommendation of a friend who knew the family and their passion to serve Christ through their music.

I am personally cautious about using 'unknown' people in church services but on the basis of some initial enquires decided to ask the Chatelier Family Singers to participate in part of our Sunday program. They were an instant 'hit'. Members of our 'family' service thought they were 'great' and some of our more mature members thought they were so good that they invited them back for the Christmas luncheon associated with our seniors ministry. We have since used them at our youth service at night where again they were warmly received.

I plan to use them again when possible. I appreciate how they model a Christian family in ministry, a deep commitment to Christ, their musical talent (not least of which is Gavin's magnificent voice), and their passion to honour and serve the Lord Jesus.

I have no hesitation in commending them to you and would welcome any personal enquiries.

  
Terry Dein
