TO WHOM IT MAY CONCERN

I count it a privilege to commend to you the 'Only Jesus - Music Ministry', which features the Chatelier Family Singers.

They ministered at a Concert organised by us during the summer vacation, and attended by many with little or no Church affiliation. It was testimony in itself to note how these people tuned in and listened intently, and showed their appreciation by warm applause. They ministered again at our Sunday service, and blessed everyone by the warmth of their music and the great sensitivity they showed in flowing with other aspects of the morning's program.

Clearly, the Chatelier Family Singers have moved beyond performance; and there is real depth in their ministry. Gavin's introductions to some of the songs not only quicken interest, but add to the quality of their testimony. Father, Gavin, has a rich and cultured voice; when the children join in, hearts are deeply touched, because they obviously enjoy it so much. Mother, Trudi, as production manager, does an excellent job, and the quality of sound is always of high order.

The Chateliers have some splendid CD's and audio tapes, which have continued to bless those who aquired them.

I have no hesitation in vouching for the integrity of this family, and hope you will make use of their gifts to enrich your ministry and outreach.

Yours sincerely,

Ron Foulkes,
Pastor, Loch Sport Assembly of God.
